I/We would be willing to take leadership in the following way...

- I am a long time attender, and I would like to take leave from my current small group to join a newly formed small group as an ambassador.
- I/We would be willing to facilitate and lead a new group.
- I/We would be willing to host a first gathering.

Is there anything else you would like for us to consider in discussing how to place you/your family in a new small group?
